getting prepared for the countdown to Christmas with a visit to our doorstep. We ended our most beautiful Spring, which was as wonderous as always, out here on the Granite Belt. We are STILL the coolest place in Queensland and although the cold is moving on, our coolness will simply shift to cool summer fun! It's time to get the kids off the mobile, TV and computer and have them running around outside, checking out Mother Nature's television show.

Summer is our "coolest" time of the year on the Granite Belt, with Santa on the horizon and the nights lit up with a plethora of summer time sky stars. The days warm up for the swimming & outside time joys, walks are comfortable and enjoyable, while the nights descend into perfect sleeping times. Trips to taste the amazing wine & cheeses of the region are delightful as you soak up the Summer time sun and enjoy the longer days. Add to all this the arrival of our summer rains and the bush becomes magical. This

is the perfect way to unwind and completely forget the outside world.

With the spectacular aura of Summer time, created as only Mother Nature can do, you will feel like you are in a botanical wonderland. There are granite outcrops begging to be climbed, you will be constantly amazed and on the move or of course you can always sit back, relax and just laze in your own private chalet watching a DVD, playing a board game, reading a book or taking a snooze as the mood

takes you. No internet, TV or mobile - disconnect from the outside world and reconnect with each other.

Don't forget to check out our facebook pics <https://www.facebook.com/girraweenlodge>

Don't forget to get in early we don't want anyone to miss out!. Come on out, book and stay for Mother Nature's free to all show on the Granite Belt.

Take a nature's wonder Granite Belt break for a Cool Summer, curl up of a night time still with doona after a sun filled day, embrace the bush and watch the world go by. Check out our phenomenal 'Cool Summer' Special below! Hope to see you here soon!!!
